TOASTED BARREL BOURBON

Remarkable character forged from fire.

Toasted Barrel Bourbon redefines tradition by aging our award-winning bourbon twice; first in a classic charred American oak cask, then finished in a custom-toasted barrel made with Michigan cherry wood. The result? A bold, complex spirit layered with rich caramel, warm spice, and unique expressions of wood and smoke.

Each single barrel is one-of-a-kind, offering tasting notes that range from cinnamon raisin bagel, roasted marshmallow, and pecan brittle to toasted hazelnut, vanilla wafer, and brandied cherry — always finishing with our signature black peppercorn spice and warm toasted oak.

NOSE

TOASTED HAZELNUT
AND MOLASSES
